(e) This Amendment is intended to conform the Declaration to the Act; and any revisions to the Act and/or any future statutes or regulations that are lawfully imposed may be incorporated in the Declaration by an amendment approved by the Board of Directors in accordance with paragraph (2) of Article 7.

ARTICLE 3

Board of Directors and Officers Duties, Elections, and Voting

Section 1. Board and Officers.

(a) Elections shall be held in accordance with the Association's bylaws, provided that an election, for the Board of Directors, shall be held no less frequently than once every 24 months, from among the Members.

(b) No member of the Board or officer shall be elected for a term of more than 4 years, but officers and board members may succeed themselves.

(c) The members of the Board of Directors shall serve without compensation, unless the Association's bylaws are amended, pursuant to Article 2, hereafter, to indicate otherwise.

(d) (Intentionally Blank.)

(e) If there is a vacancy on the Board, the remaining members of the Board may fill the vacancy by a two-thirds vote of the remaining Directors, until the next annual meeting of the Membership or until Members holding 20% of the votes of the Association request a meeting of the Members to fill the vacancy for the balance of the term. A meeting of the Members shall be called for purposes of filling a vacancy on the Board no later than thirty (30) days following the filing, with the Association's Secretary, of a petition signed by Members holding at least 20% of the votes of the Association requesting such a meeting.

(f) From among the members of the Board, there shall be an election of a:

(i) President, who shall preside over the meetings of the Board and/or meetings of the membership;

(ii) Secretary, who shall keep the minutes of all meetings of the Board and/or of the membership, and who shall, in general, perform all the duties incident to the office of secretary; and

(iii) Treasurer, who shall keep the financial records and books of account.

The Board may elect such other and additional officers for the Association as provided in the Association's bylaws.

(g) If no election is held to elect Board members within the time period specified in the bylaws, or within a reasonable amount of time thereafter, not to exceed ninety (90) days, then 20% of the members may bring legal action to compel compliance with the election requirements specified in the Association's bylaws. If the court finds that an election was not held to elect members of the Board within the required period due to the bad faith acts or omissions of the Board of Directors, the Members shall be entitled to recover their reasonable attorney's fees and costs from the Association. If the relevant notice requirements have been met and an election is not held solely due to a lack of a quorum, then this subsection (g) does not apply.

(h) A Member may vote:

(i) subject to sub-section (i), below, by proxy executed in writing by the Member or by his or her duly authorized attorney in fact, provided, however, that the proxy bears the date of execution and, if more than one Person is an owner of the Voting Lot to which such Member vote relates, such proxy must be signed by all such owners or their attorneys in fact. Unless the Community Instruments or the written proxy itself provide otherwise, a proxy will not be valid for more than eleven (11) months after the date of its execution; or

(ii) by submitting an Association-issued ballot in person at the election meeting; provided that each Voting Lot shall be entitled to two votes, no matter how many Persons have an ownership interest in such Voting Lot; and, if only one (1) of the multiple owners of a Voting Lot is present at a meeting of the Membership, the single Lot Owner who is present is entitled to cast the two votes associated with that Voting Lot; or

(iii) by submitting an Association-issued ballot to the Association or its designated agent by United States mail or other means of delivery specified in the Declaration and/or the Association's bylaws; provided that each Voting Lot shall be entitled to two votes, no matter how many Persons have an ownership interest in such Voting Lot; and such ballot may be signed by any one (1) Owner of such Lot. If more than one ballot is returned for any Voting Lot by the due date, none of such ballots shall be counted; and all such ballots shall, collectively, be considered as spoiled ballots.

(i) The Association may, upon adoption of the appropriate rules by the Board, conduct elections by secret ballot, distributed by the Association, whereby the voting ballot is marked only with the voting interest for the Member and the vote, itself, provided that the Association shall further adopt rules to verify the status of the Member casting a ballot and provided further that proxies shall not be allowed in such a vote. A candidate for election to the Board or such candidate's representative shall have the right to be present at the counting of ballots at such election.

(j) Upon proof of purchase, the Purchaser of a Single Family Lot pursuant to the installment contract for purchase shall, during such times as he or she resides in the home on such Single Family Lot, be counted towards a quorum, for purposes of election of members of the Board at

any meeting of the Membership called for purposes of electing members of the Board; have the right to vote for the members of the Board; and be eligible to be elected to and serve on the Board, unless the seller expressly retains, in writing, any or all of such rights.

For meetings concerning the adoption of (i) the proposed annual budget, (ii) regular assessments, or (iii) a separate or special assessment, the Board shall give Members notice of such meeting, through a Prescribed Delivery Method, not less than ten (10) nor more than sixty (60) days prior to the meeting, unless otherwise provided in the Act.

(d) Meetings of the Board shall be open to any Lot Owner, except for the portion of any meeting held (i) to discuss litigation when an action against or on behalf of the Association has been filed and is pending in a court or administrative tribunal, or when the Association finds that such an action is probable or imminent, (ii) to consider third party contracts or information regarding appointment, employment, or dismissal of an employee, or (iii) to discuss violations of rules and regulations of the Association or a Member's or Lot Owner's unpaid share of Common Expenses. Any vote on these matters shall be taken at a meeting or portion thereof open to any Member.

(e) The Board must reserve a portion of each Board meeting for comments by Members; provided, however, the duration and meeting order for the Member comment period is within the sole discretion of the Board.

(f) The Association may not enter into a contract with a current Board member, or with a corporation or partnership in which a Board member or a member of his or her immediate family has 25% or more interest, unless notice of intent to enter into the contract is given to Members within twenty (20) days after a decision is made to enter into the contract and the Members are afforded an opportunity, by filing a petition, signed by Owners of 20% of the Voting Lots, for an election to approve or disapprove the contract; such petition shall be filed within twenty (20) days after such notice and such election shall be held within thirty (30) days after filing the petition with the Association's Secretary. For purposes of this subsection, a Board member's immediate family means the Board member's spouse, parents, and children. For purposes of the

preceding, "spouse" shall include both a spouse by marriage and a domestic partner or person of other similar legal designation.

(g) The Association's bylaws shall provide for the maintenance, repair, and replacement of the Common Areas and payments therefor, including the method of approving payment vouchers.

(h) Special meetings of the Board may be called by the President, by 25% of the members of the Board, or by any other method that is prescribed in the Community Instruments.

(i) The Association may engage the services of a Management Company, if authorized in the Community Instruments.

(j) The Association shall have one class of membership unless the Association's bylaws provide otherwise; however, this subsection (f) shall not be construed to limit the operation of subsection (c) of Article 2.

(k) The Board shall have the power, after notice and an opportunity to be heard, to levy and collect reasonable fines from Members or Lot Owners, for violations of the Declaration, the Association's bylaws, and/or rules and regulations adopted by the Board in accordance with the Association's bylaws and/or the Declaration.

(l) Other than attorney's fees and court or arbitration costs, no fees pertaining to the collection of a Member's or Lot Owner's financial obligation to the Association, including fees charged by a Management Company then acting, shall be added to and deemed a part of a Member's or Lot Owner's respective share of the Common Expenses unless: (i) the Management Company fees relate to the costs to collect Common Expenses for the Association; and (ii) the fees are set forth in a contract between the Management Company and the Association. If both (i) and (ii) apply, this provision shall act as authority and directive to add such conforming management fees to a Member's or Lot Owner's respective share of the Common Expenses.

(m) Board records:

(i) The Board shall maintain the following records of the Association and make them available for examination and copying at convenient hours of weekdays by any Member or Lot Owner, and/or their mortgagees, and their duly authorized agents or attorneys:

(F) With respect to Units owned by a land trust, a living trust, or other legal entity, the trustee, officer, or manager of the entity may designate, in writing, a person to cast votes on behalf of the Member or Lot Owner, and such designation shall remain in effect until a subsequent document is filed with the Association. Such designations shall be maintained until they have been superceded and for a period of one (1) year thereafter.

(ii) Where a request for records under this section is made in writing to the Board or its agent, failure to provide the requested record or to respond within thirty (30) days shall be deemed a denial by the Board.

(iii) A reasonable fee, as set in rules adopted by the Board, may be charged by the Board for the cost of retrieving and copying records properly requested.

(iv) If the Board fails to provide records properly requested under paragraph (i) of this section within the time period provided in paragraph (ii), the Member may seek appropriate relief and shall be entitled to an award of reasonable attorney's fees and costs if the Member prevails and the court finds that such failure is due to the acts or omissions of the Board of Directors.

(n) The Board shall have standing and capacity to act in a representative capacity in relation to matters involving the Common Areas or more than one Unit, on behalf of the Members or Lot Owners, as their interests may appear.

(o) The Board shall have the authority to interpret the Declaration. The decision of the Board shall be final and binding upon any Owner.

be indemnified against, or be reimbursed for, any expense incurred in connection with any claim or liability arising out of his or her willful misconduct.

(b) The right accruing to any person under Paragraph (a) above shall not exclude any other right to which s/he may be lawfully entitled. The Association, its Directors, officer, employees and agents shall be fully protected in taking any action or making any payment under this Section 3 or in refusing to do so, in reliance upon the advice of counsel.

All Management Companies which are responsible for the funds held or administered by the Association shall maintain and furnish to the Association a fidelity bond for the maximum amount of coverage that is commercially available or reasonably required to protect funds in the custody of the Management Company at any time. ARTICLE 7

AMENDMENTS

Section 1. Conforming Amendments.

(a) If there is an omission or error in the Declaration or other instrument of the Association, the Association may correct the error or omission by an amendment to the Declaration or other instrument, as may be required to conform it to the Act, to any other applicable statute, or to the Declaration. The amendment shall be adopted by vote of two-thirds of the members of the Board or by a Majority vote of the Voters at a meeting called for that purpose, unless the Act or the Declaration specifically provides for greater percentages or different procedures.

(b) If, through a scrivener's error, a Single Family Lot has not been designated as owning an appropriate undivided share of the Common Areas or does not bear an appropriate share of the Common Expenses, or if all of the Common Expenses or all of the common elements have not

been distributed in the Declaration, so that the sum total of the shares of common areas which have been distributed or the sum total of the shares of the Common Expenses fail to equal 100%, or if it appears that more than 100% of the common elements or common expenses have been distributed, the error may be corrected by operation of law by filing an amendment to the Declaration, approved by vote of two-thirds of the members of the Board or a Majority vote of the Voters at a meeting called for that purpose, which proportionately adjusts all percentage interests so that the total is equal to 100%.

(c) If a scrivener's error in the Declaration or other instrument is corrected by vote of two-thirds of the members of the Board pursuant to the authority established in subsection (a) or subsection (b), the Board, upon written petition by Members with 20% of the votes of the Association received within thirty (30) days of the Board action, shall call a meeting of the Members (within thirty (30) days of the filing of the petition) to consider the Board action. Unless a Majority of the votes of the Voters are cast at the meeting to reject the action, it is ratified whether or not a quorum is present.

Section 2. General Amendments and Extension.

Except for conforming amendments adopted pursuant to Section 1, above, this Declaration may be removed, extended, changed, altered, or modified, at any time, only by approval of both (i) 2/3rds of the Board and (ii) the Majority of Voters that return ballots in a duly called election in regard to such issue. Such removal, extension, change, alteration or modification shall be duly acknowledged and recorded, prior to becoming effective. Notwithstanding the foregoing, should this Declaration otherwise be required to expire, by operation law, absent an extension, this Declaration shall automatically extend for the longest term for which any such extension is permitted.

Section 3. Enforceability. In the event any of the Declaration's provisions are held to be invalid or unconstitutional, such holding shall not render any of the remaining provisions invalid or unenforceable.

ARTICLE 8

PURPOSE

The purpose of this Declaration is to provide a standard for all Unit Owners to follow. The enforcement of the restrictions contained herein is to ensure that the Community continues to be a desirable, private residential subdivision for outdoor recreation, fishing, boating, and swimming in a private lake.

ARTICLE 10

RESTRICTIONS

Section 1. Unlawful Use of Premises.

No premises shall be used for any unlawful purposes, or for any purpose which would tend to injure the quality of reputation of the Community.

Section 2. Animals and Nonindigenous Species.

No animals of any kind, except domestic household pets, will be permitted to be raised, fed, housed or maintained in any portion of the Property. No nonindigenous fish or plants, nor flora or fauna of any type that is not native to Dunlap Lake shall be released, planted, placed, kept, allowed, or maintained in Dunlap Lake nor on the adjacent Parkway.

Section 3. Sub-Lease or Rental of Lots.

Any Member wanting to lease or rent their Single Family Lot must submit a written request to the Board. No Single Family Lot in the Subdivision shall be leased or rented for more than twelve (12) consecutive months. Property owners may re-apply at the end of the twelve (12) consecutive months. A copy of the lease must be given to the Board. The Board's written consent for leasing or renting of a Single Family Lot may be revoked by action of the Board, if the owner(s) or their lessee fail to maintain the premise and/or to adhere to this Declaration and/or any other Community Instrument.

Section 4. Resale Conditions.

No resale of a vacant Single Family Lot, or part of any vacant Single Family Lot, shall be consummated without first giving the Board, and the Owner(s) of Record of the adjoining Lots, ten (10) days written notice of an intention to sell and the terms of such a sale; either the Association or the Owner(s) of Record of the adjoining lots, in that order, shall then have the right to purchase such Lot, Lots, or parts of such Lot for a period of ten (10) days after the date of receipt of said notice. Such notice may be served personally or by certified mail, and a certified mail receipt shall be sufficient evidence of service by certified mail. If personal service or service by certified mail cannot be accomplished, sufficient notice may be given by publication thereof in an Edwardsville newspaper of general circulation for three (3) successive days, and by giving a written notice to the President of the Board. An affidavit of personal service shall be sufficient evidence, for all purposes, of actual service.

Section 5. Grass, Leaves, Weeds, Brush, Rubbish, and Garbage.

Lot Owners must keep the grass on their Single Family Lot and any adjoining Parkway leased to them mowed to prevent unsightly conditions. Lot Owners are prohibited from blowing or dumping leaves into the lake. No refuse, garbage, cans, bottles, tires, logs, parts of trees, or any other deleterious material of any kind shall be thrown or disposed in the lake or on any Common Area or Parkway. Lot Owners shall not leave rubbish on any Lot(s), shoreline, Parkway(s), or Common Areas.

Section 6. Utility Installations.

The Board shall have the right, without permission of the Lot Owners, to authorize within the Property the laying of sewer pipe, water pipe, gas pipe, or to construct telephone or electric wires and appurtenances thereto, through, across, or under the surface of the Lots, roads, lanes, and highways, and shall have the right, at all times, to authorize ingress and egress for the purpose of

construction, repair and maintenance of same, provided, however, the premises shall be left in as good a condition as before such work began. Utility companies shall compensate the Owners of Record for any damages caused.

Section 7. Building Restrictions.

(a) There shall be no limit or restriction as to the cost or true value of any residence, but a complete comprehensive set of plans and specifications must be submitted to the Building Committee of the Board for approval before construction of any Building may be started. Plans and specifications for any Building submitted to the Board for approval shall contain a lot plan or plat, showing the location of the structure to be erected with the dimensions of the front, sides, and rear yards. The location of the proposed Building and the location of the property lines of the Single Family Lot shall be physically marked on the Lot for visual review by the Building Committee, while the plans are pending review. Upon approval, a building permit for the dwelling will be issued. An electronic copy (in PDF format) of the approved plans must be furnished to the Board for its permanent record.

(b) All carports and garages shall be attached to, or be made a part of, the main dwelling.

(c) The front of any new dwelling shall face the street and no part of the Building shall be less than twenty-five (25) feet from the front property line. The rear of any dwelling, including any part of the Building structure (e.g., decks, etc.), shall not be less than thirty (30) feet from the back property line of the lot(s) adjoining the lake. The side of any dwelling, including any part of the Building structure, shall not be less than ten (10) feet or ten percent of the total width of the lot or lots whichever is greater, measured across the front of the Parcel, from the boundaries of the property lines upon which it is constructed. Where a side yard adjoins a street, the minimum width of the side yard shall be fifteen (15) feet.

(d) Dwellings shall contain no less than 1,200 square feet of finished livable floor space on the main floor of such dwelling excluding garage, carports, or basements used for storage.

(e) All dwellings shall be completed within one (1) year of approval of plans for construction by the Building Committee.

(f) Before an unattached building will be permitted, a special application must be submitted to the Building Committee for Board approval as to the size, location, structure, and color. (Only one unattached building will be allowed on a Single Family Lot. An unattached building shall be built on one level and contain a minimum of 80 square feet and a maximum of 120 square feet. An unattached building shall not be located any closer than ten (10) feet to a property line. Unattached buildings may not be located in the limit yard of any dwelling or in the back yard of any dwelling adjoining the lake. Unattached buildings must be constructed of like materials (siding, roof, and color) as the dwelling. Upon approval, a building permit for the unattached building will be issued. A copy of the special application approved plans must be furnished to the Board for its permanent record.

(g) Dwellings shall have the type of roof construction meeting the standard for fire regulation established by the State of Illinois and no roll or sheet type base material may be used for roofing material. No asbestos siding, tar base siding, canvas, or other flimsy material shall be used on any building exterior.

(h) Renewable Resources. Any structure, facility, or apparatus for the collection of energy, water, or other resources to be constructed on or attached to the exterior of any Single Family Lot, dwelling, or other structure within the Property shall require the written consent of the Building Committee (or, in its absence, the Board of Directors), including any exterior solar collection system, wind generator system, rain water collection system, or any other similar type system or appliance; and the Building Committee (or, in its absence, the Board of Directors) may establish Rules and Regulations for the location and installation of same, so long as such Rules and Regulations comply with all then applicable laws and regulations concerning the use of renewable resources. In addition, all rain water collection systems must have the collection reservoir located underground. Plans submitted for approval of a solar energy collection system shall show the degree, nature, kind, shape, size, square footage, height, elevation, materials, colors, location and configuration of the proposed system(s); provided, however, that no plans for a solar system shall be denied, so long as the system will meet the applicable requirements of the State and local permitting authorities and the solar system will be installed on a roof with an orientation to the rear of the structure, if such location will not impair the effective operation of the system. Additional rules regarding installation of renewable resource facilities are attached hereto as **Exhibit B** and incorporated herein by this reference.

(i) Antennas. No exterior television or radio antenna, towers, direct broadcast satellite dishes or antennas used to receive multichannel or multi-point distribution (wireless cable) signals may be installed on any Lot in the Property without the prior approval of the Building Committee (or, in its absence, the Board of Directors); provided, however, in reviewing a request for approval of any such device, the Building Committee (or Directors) shall comply with all Federal, State and local laws, ordinances and regulations, and shall not impose any restriction which will preclude a Lot Owner's receipt of an acceptable quality signal. In addition, all satellite dishes shall either be mounted to a dwelling and/or be obscured with landscaping on the Single Family Lot and shall not be noticeably visible from the street. Each Lot Owner shall be responsible for the repair, maintenance and/or replacement of any such approved antennas or dishes.

(j) Any other additions or structures not covered by this Article 10, requires an application for a special permit or variance from the Board.

(k) The Building Committee and/or Board consideration of plans and specifications which are submitted shall be separate from, and in addition to, any permit required by the City of Edwardsville or any other government unit.

Section 8. Boat Docks.

(a) Boat docks on Parkways shall be constructed so as to be parallel to the shoreline. These boat docks shall not exceed in dimension eight (8) by sixteen (16) feet, the sixteen-foot

dimension running parallel to the shoreline. These docks shall not be more than ten (10) feet from the shoreline, as measured by the normal spillway level of the lake and shall be erected so the dock platform is not in excess of four (4) feet above the water level. These boat docks must be twenty (20) feet, where possible, from the adjacent property line, or the owner must apply for a variance approved by the Board.

(b) Boat docks on Common Areas shall be constructed so as to be perpendicular to the shoreline and/or parallel to existing dock(s). These boat docks shall not exceed in dimension four (4) feet by sixteen (16) feet, the sixteen-foot dimension running perpendicular to the shoreline and/or parallel to existing dock(s). These boat docks shall be erected so the dock platform is not in excess of four (4) feet above the water level as measured by the normal spillway level of the lake.

(c) Plans and specifications for any boat dock or floating raft must be submitted to the Building Committee of the Board for approval before any building operations are started. Only one boat dock and floating raft will be allowed per Single Family Lot. Floating rafts shall not exceed in dimension eight (8) by eight (8) feet and must be constructed of material safe for use in the lake. Boat dock permits will be issued in Common Areas based on most efficient shoreline utilization. Upon approval, a building permit for the boat dock will be issued. Any Lot Owner building a boat dock thus becomes the owner of that boat dock. No new boathouses or any other type of Building (other than docks installed pursuant to sections (a) – (c), above) will be permitted on Parkways or Common Areas.

(d) Existing docks and boathouses shall be maintained in a safe and attractive manner. Paint colors on boat docks and boathouses shall blend with the colors of the Lot Owner's dwelling. Removal of abandoned and/or derelict boat houses, boat docks, rafts, floats, etc. shall be the responsibility of the assigned Lot Owner(s).

(e) Boat docks on Common Areas must be identifiable as to who the assigned Lot Owner is by placing their Lot number(s) on the boat dock.

Section 9. One Residence on Each Lot.

No more than one single family residence shall be located on any Single Family Lot.

Section 10. Sight Distance on Parkways and Common Areas.

No new fence, wall, hedge, or shrubs shall be permitted on Parkways or Common Areas. Trees may be planted with the approval of adjoining Lot Owners on each side.

Section 11. Businesses.

No business shall be permitted, allowed, conducted, or maintained where customers come to a Single Family Lot in the Community or to any residence located thereon.

Section 12. Clubs, Etc.

No clubs, fraternities, or organizations of any nature may operate from, or use any residence or Building in the Community.

Section 13. Fences, Obstructions, Etc.

No new fences of any kind over four (4) feet high shall be permitted. Fences must have twenty-five (25) percent air flow. Solid fences shall be permitted for the purposes of enclosing patio areas for the provision of privacy for such areas, upon specific approval by the Board. A complete set of plans and specification for a fence must be submitted to the Building Committee of the Board. Upon approval, a construction permit will be issued.

Section 14. Signs or Advertising.

No signs or advertising of any kind, business or otherwise, will be permitted in the Community, except an identifying name or number of the home and occupant or a "For Sale" sign. The Board shall have the authority to determine whether any sign is unsightly or inappropriate.

Section 15. Patios.

All patios, not abutting or connected to a residence Building, shall be constructed so that the patio(s) shall not exceed twelve (12) inches above ground at its lowest point, and such patios shall measure no more than sixteen (16) by sixteen (16) feet. No permanent covering or any type of roof will be permitted on any unattached patios. Construction of any patio over any part of the water of the lake is prohibited. A complete set of plans and specifications for the patio must be submitted to the Building Committee. Upon approval, a construction permit will be issued.

ARTICLE 11

ASSESSMENTS

Section 1. Annual Assessments

Subject to Article 5, above, the Board shall have the right to assess the Lot Owners, on each successive June 1st, such sum as the Board shall deem necessary for the upkeep and maintenance

of the dam, lake, and other Association properties in the Community and for the expenses incurred in managing the Community; provided however, that no annual assessment for any year shall exceed the sum of one cent per square foot of area of each Lot, and further provided, that the assessment as levied each year shall be and become a lien, without the filing of suit or legal procedure, upon such Lot, if such assessment shall not be paid within thirty (30) days after assessments are mailed. No assessment shall be made on any Lot not sold or conveyed by the original grantors of the subdivision or their heirs, executors, or administrators. The Board shall have the right to raise the annual assessment each year by no more than .001 dollar per year per square foot of each Lot, up to a maximum .015 dollars per square foot.

Section 2. Special Assessments.

(a) Subject to Article 5, above, and the requirement for 2/3rds of the Voters who cast votes in a duly constituted election to approve such assessment, the Board shall additionally have the right to assess a special assessment for the upkeep and maintenance of the dam, lake, and other Association properties and business; and the assessment as so levied shall be and become a lien, without the filing of suit or legal procedure, upon each Lot, if such assessment shall not be paid within thirty (30) days after the due date.

(b) It is the responsibility of the Purchasers to pay any special assessment due that was previously approved in accordance with Section (a) above.

ARTICLE 12

COMMON AREAS AND PARKWAYS

Section 1. Use of Common Areas.

(a) Lot Owners with lots not on the lake are assigned Common Areas for their use. As assigned Common Areas become full, the Board reserves the right to re-assign Lot Owners to the next nearest Common Area that is not full.

(b) The Association may use the Common Areas for any legal purpose and may build and/or purchase a headquarters building, the activities of which shall not be inconsistent with the intent and purposes of this Declaration.

Section 2. No Structures on Parkways.

No Building or construction of any kind may be made on the Parkways surrounding the lake, without the written consent of the Board. Use of Parkways, other than by the adjacent Lot Owner, is for emergency use only.

Section 3. Leased Parkways – Shorelines.

(a) Lot Owners of Lots adjoining the lake must accept a nonrevocable lease at the cost of one (1) dollar per year for the Parkway from the water's edge to adjoining property line of the Owner's Lots. The property line between two (2) Lots will be decided by an imaginary line

perpendicular from the water's edge to the property marker between the two (2) adjacent Lots. If the Owners cannot agree, the Board will decide where the imaginary line lies. (Lots E27 through E38 and Lots F I, 5, 14, 15, 16 will be exempt from the shoreline responsibility.)

The lease of the Parkway by the Association to the Lot Owner shall require the Lot Owner to maintain the Parkway and its shoreline. (This includes removing trees that have fallen into the lake.)

(i) If an owner(s) property is adjacent to a Common Area, the determining property marker will be to the front of the Lot(s).

(ii) If an owner(s) property has water on three sides, the determining property marker will be to the front of the Lot(s).

(iii) If an owner(s) property has water on three (3) sides next to a Common Area(s), the determining property marker will be to the front of the Lot(s).

(iv) If the Lots are adjacent, the determining property marker will be to the back of the Lots.

(v) If the owners cannot agree, the Board will decide where the imaginary line lies.

(vi) Notwithstanding anything to the contrary contained herein, Lots E19 through E38; and Lots F1, 5, 14, 15, 16 will be exempt from the shoreline responsibility.

(b) The Lot Owner must construct and maintain a retaining wall *or shoreline intervention that effectively prevents erosion of the shoreline*. Construction and materials used in the wall or intervention must be clean and of a concrete, concrete products, or rip rap type material or other material approved by Army Corps of Engineers. The use of broken asphalt, concrete with exposed rebar, railroad timbers treated with creosote, etc. are not allowed. Most repair activities do not require a permit from either the state or federal authorities, but it is recommended that notice be given to the local Army Corp Office and Lake Board Officials. Lake officers can assist with contact of Army Corp officials. Notice must be given to the Board and permits must be acquired from the Board and Corp of Engineers for first time construction or changes or replacement of the material used to repair shorelines.

(c) Failure of Owner(s) to comply with this restriction and/or who fail to maintain the shoreline will be enforced by the Board under Article 13.

Section 4. Lowering of the Lake.

The Board has the right to lower the lake for the upkeep and maintenance of shorelines, dam, and spillway. The Board will try to adhere to a schedule of lowering the lake once every five (5) years (in years ending in 1 or 6), or any time the Board deems necessary to make repairs.

Section 5. Use of the Lake.

(a) Lot Owners shall, subject to compliance with the Declaration, have license, personally, and for their family and guests, to have the use and privileges of the lake in the Community, which shall include boating, swimming, fishing, and the use of Parkways and assigned Common Areas, including the right to moor boats on said Parkways and assigned Common Areas, subject to the rules and regulations prescribed by the Board from time to time.

(b) For each Single Family Lot, the Lot Owner(s) shall be entitled to own, and operate on the lake, a total of three (3) boats that have a rated capacity of two (2) or more persons and each may be powered within the limits described below. Only one (1) of these boats shall be a pontoon boat. The maximum length of a pontoon boat on the lake shall not exceed 24 foot, not including the outboard mount and motor projection. All other boats shall not exceed 20 foot in length. With permission of the Lot Owner, who owns a boat, a resident or guest may operate the owner's boats subject to compliance with all applicable restrictions and government regulations, and subject to the Lot Owner assuming responsibility for the conduct of the operator.

(c) For each Unit, the Lot Owner(s) shall be entitled to own and operate on the lake a total of six (6) individual watercraft with a capacity of no more than one (1) person. The individual watercraft shall not be powered in any way other than wind or the occupant's physical strength. With permission of the Lot Owner, who owns such craft, a resident or guest may operate the owner's individual watercraft subject to compliance with all applicable restrictions and government regulations, and subject to the Lot Owner assuming responsibility for the conduct of the operator. The term "individual watercraft" shall mean any non-motor powered watercraft with a buoyancy capacity of less than 350 pounds and specifically designed to accommodate only one person.

(d) Boats used on the lake are limited to a 7.5 horsepower outboard motor except pontoon boats which are limited to a 9.9 horsepower motor. Electric motors used as the main propulsion source shall meet the same power limitations. No more than one outboard motor per boat will be allowed. Inboard and inboard/outboard motors are not permitted on the lake. It is not the intent of this requirement to restrict the mounting and use of a 12 volt electric trolling motor in addition to one outboard motor.

(e) Boats and individual watercraft must be owned by a Lot Owner, registered with the State of Illinois if required by regulation or law, and be in compliance with all safety requirements defined by the U.S. Coast Guard and the State of Illinois. All boats and individual watercraft operating between sunset and sunrise are to be equipped with, and operating, navigational lights.

(f) All boats and individual watercraft used on the lake shall be registered with the Association and have permanently attached legible Dunlap Lake boat stickers which are clearly visible at all times. The procedure for registering and obtaining stickers from the Association along with defining the displaying requirements shall be established by the Board in rules from time to time.

(g) Owners who lease or rent their property may elect to transfer the rights of boat ownership to their lessee or renter. Owners choosing to do so must include this transfer of rights specifically in a written lease/rental agreement which is filed with the Board. If the owner chooses to transfer these rights, s/he must remove from the lake and Property all boats and watercraft s/he owns.

(h) The Owner of Record is responsible for fines that are assessed as a result of a resident, tenant, or guest violating the Declarations. A representative of the Board shall notify the responsible Lot Owner, in writing, of the violation of the Declaration. The Lot Owner will be given ten (10) days to correct the violation. If the Lot Owner does not correct the condition within the designated time, the Board may impose a fine, which shall be a lien against the Lot Owner's Lot.

ARTICLE 13

VIOLATIONS

Section 1. Enforcement.

(a) This Declaration shall be subject to enforcement by any Owner of Record, group of Owners of Record, the Board, or the Association. Members (in good standing) wanting to report violations shall do so in writing to the Board at P.O. Box 5. After contacting the Owner(s) of Record, duly authorized and designated representative(s) of the Board may enter upon any Single Family Lot for the purpose of inspection for enforcement of the Declaration. Any Owner(s) of Record found to be in violation of the Declaration will be sent a notice giving the Owner(s) of Record thirty (30) days to comply with the Declaration.

(b) Any Owner of Record, group of Owners of Record, the Association, or the Board shall have the right to prevent or stop any violation of any of the Declaration, by injunction or other lawful procedure, and to recover damages resulting from such violations. Violation(s) brought to the Board's attention and the Owner(s) of Record failure to comply with the Declaration after being duly notified, shall be subject to a \$500 annual fine, per violation, as voted by the Board. Failure of Owner(s) of Record to pay the fine will result in court action brought by the Board against the Owner(s) of Record along with legal costs of the action, attorney's fees, and court costs incurred by the Board. Said fines, costs of suit, and attorney's fees shall be collectible as a lien upon such Owner(s) of Records Single Family Lot.

Section 2. Assessment Collectible

(a) In the event assessments shall remain unpaid for sixty (60) days from the date when due, such sum or sums, together with interest at the rate of eighteen percent (18%) per annum thereon, and attorney's fees, plus court costs shall be enforceable and collectible as a lien upon such Unit by suit or other proceedings in the Circuit Court of Madison County, Illinois. Such suit, action or other proceedings shall be instituted by the Board, in its sole discretion.

(b) Renters or people leasing a Single Family Lot must adhere to the Declaration. Lot Owners who rent or lease their premise relinquish their rights to use the lake, but are responsible for the actions of their tenants. Fines for violations of restrictions by tenants will be assessed against the Lot Owner and shall be a lien against their Lot.

Additional Rules for Solar and Rain Water Collection Installations

1. Solar units not mounted on the roof (ground mounted) should be installed according to the local jurisdiction's zoning "setback" requirements. Any such structure shall be concealed from neighbors' views, to the extent possible.
2. Aluminum trim, if used and visible, shall be color treated to match the color of the structure on which the system is mounted or, if mounted on the ground, to compliment the surrounding colors.
3. Solar collectors, whenever possible, should be installed on the plane of roof materials (flush mounted).
4. Solar units must be firmly secured to the roof in accordance with local building codes.
5. All exterior plumbing lines should be painted in a color scheme consistent with the structure and materials adjacent to the pipes (e.g., pipes on a wall should be painted the color of the wall, while roof plumbing should be the color of the roof).
6. A sample or illustrated brochure of the proposed solar unit(s), which clearly depicts the unit(s) and depicts the materials to be used, should be submitted with the application for approval submitted pursuant to Article 10, Section 7.
7. Construction drawings for the proposed installation should be provided with the submittal made pursuant to Article 10, Section 7. They should be drawn to show the location and number of collectors, attachment of roof structure, and location of any other exterior system components.
8. Calculations should be provided, with the submittal made pursuant to Article 10, Section 7, showing the number and area of the collectors and/or turbines required. Such calculations should be certified by a contractor or engineer fully trained and experienced in solar and/or rain water system construction, as the case may be; and such person shall provide a summary of their training and experience to establish the sufficiency thereof.
9. Except as required by law, the Association retains all authority provided to it pursuant to the Declaration in regard to installation of solar energy collection systems; with the policy of the Association being to comply with Illinois law and allow the use of such systems while, to the extent reasonably practicable, minimizing any negative impact of such systems on neighboring properties and/or the Community.
